

## TOWN OF CAPE CHARLES COMPREHENSIVE PLAN UPDATE

### **THIRD TOWN MEETING:**

**“PLANNING FOR THE FUTURE OF CAPE CHARLES”**

**The third Town Meeting for the Comprehensive Plan Update will be held on:**

**Thursday February 8, 2007**

**7:00 PM-9:30 PM at the Palace Theater on Mason Avenue**

The Town of Cape Charles is in the process of updating its **Comprehensive Plan**. The Comprehensive Plan is the basic blueprint for the town for the next 20-25 years. It is currently being updated and **your input is needed!**

At the first meeting in September, Cape Charles citizens shared their ideas, suggestions and concerns for the future of the Town. The second meeting was an opportunity to review and evaluate how these ideas were developed into alternative visions for the future of the Town.

The third Town meeting will be an important and informative work session. There will be a brief presentation on the draft Future Land Use Map and Illustrative Site Plans, including preferred design character and land uses, followed by a facilitated discussion of ideas, suggestions and feedback on these issues. Attendees will participate in small group exercises to review and evaluate the plans and develop recommendations for the Town on how to implement its Comprehensive Plan.

The input from this workshop will be vitally important for Town officials to hear as they establish a basic direction for the future of the Town.

***Please attend and share your ideas!***

**TOWN MEETING**

**February 8, 2007 - 7:00 PM to 9:30 PM**

**At the Palace Theater on Mason Avenue**
